Helpful tips for writing to your Bridge of Hope child!

> Keep it clear and simple. As you write, share about subjects your sponsored child will readily understand and relate to, such as family members, special hobbies and pets.

> Focus on the things you have in common. As you and your child correspond, you will find you have shared interests—perhaps a favorite activity, a favorite subject in school or a fondness for drawing. Your child will be encouraged when you mention these things and will feel more connected to you.

> Send pictures of yourself and your family. Because cultural standards of dress may be different in your child's area, please dress modestly. You can also include postcards that picture the city you live in or places you've visited. These photographs will mean so much to the child you sponsor. To protect your family's privacy, however, please DO NOT include any home or work addresses.

> You may also include items such as bookmarks or coloring sheets. Just keep in mind that we are only able to forward flat paper items such as these to your child, as other items often appear suspicious and may be confiscated by customs officials in other countries.

> Please only include communications that are consistent with Christian values and will be a good witness to the child you sponsor.

> As a reminder, please remember that we are unable to forward special monetary gifts (over and beyond your regular support) to your child at this time. We may be able to do so, however, in the future.
